# Terms and Conditions

1. The auctioneer will settle any disputes as to bids.
2. Terms: Cash unless arranged before the sale between seller and buyer and clerk so notified.
3. Guarantee: All cattle are sold subject to a 60-day re-test for tuberculosis if kept isolated, unless going into a Federal Accredited Herd. Health certificates will be furnished to enable them to be shipped into other states. All cattle have been tested for Tuberculosis unless they come from an accredited herd. The cattle have been tested for Bangs within 30 days or have been calfhood vaccinated unless otherwise stated.

Bulls are guaranteed breeders if properly cared for, not allowed to run with the herd, and not used before 14 months of age. If a bull fails to breed, he may be returned to the seller, and, if after a test in the seller's herd he still fails to breed, he will be replaced or the purchase money will be refunded. All cows with calves at foot are considered breeders and no further guarantee is made with respect to them. All other cows and all heifers over 14 months old at the time of the sale are guaranteed to be breeders. Heifers should not be served by old or heavy bulls. The buyer must give the seller notice within 90 days in case of a non-breeder. In the case of young bulls this means within 90 days after they become 14 months of age. All animals must be in as good condition as when purchased to be eligible for adjustment. Animals returned to sellers because they do not comply with guarantee will be at the buyer's cost of transportation.

The above guarantee and terms shall constitute a contract between the consignor and buyer of each lot.
4. The Sale Manager and Clerk act only as agents for the several consignors to the Sale in making collections for the account of each consignor and they do not assume any responsibility for the above breeding guarantee.
5. A Certificate of Registry and a signed Transfer will be furnished for each lot sold and an application for Registry will be furnished for each calf carried in dam or sold at side.
6. Neither the Sale Manager or the Association will be responsible for any injury or loss of any kind due to accident or fire. But every effort will be made to provide for the safety and comfort of our guests.
7. Each animal will be at purchaser's risk as soon as bid off, but will not be loaded until settled for.
8. Until further notice, owner of any club steer or club heifer purchased in a Central States Sale and winning breed Champion in any 4-H or FFA show, will upon notification of the Sale Manager, receive \$10.00 from the Central States Association.
9. It is my intention to manage a sale that is fair both to the buyers and the consignors. With this in mind, I respectfully ask that the following be observed. These are essentially the same rules as those in effect at the Hawkeye Downs Sales at Cedar Rapids, Iowa.
10. I ask that there be no by-bidding. Every person signing a sale card will be expected to make settlement for said purchase, and the animal in question will be transferred to buyer.
11. The consignor, if he wishes to do so, may place ONE bid only with the auctioneer, providing he does so before the auctioneer has declared the animal sold. In case of any animal not selling, sale expense will be figured on the basis of the last bid taken by the auctioneer. This sale expense must be paid, and a release obtained from the manager before the animal is removed from the barn.

**Edgaro of Brookside 2873097**—Because we are keeping almost every heifer sired by this bull during a period of two years and the herd number has been reduced until two bulls no longer are necessary, we are reluctantly offering him for sale. Of all the herd bulls ever used on this farm, none was a more certain breeder nor of better disposition. His calves are characterized by excellent heads and smooth symmetrical bodies. His pedigree is rich in the blood of those grand old families, the Augustas and the Missies, and is fortified by two outstanding sires, both bred in Scotland, Cruggleton Albert and Bapton Major.

**Pleasant Ridge Promoter** is the bull I have been using to further establish in my herd, the heavy bone, smoothness, even fleshing and good doing ability, of Twin Valley Promoter. This bull is so closely related to my herd that I feel I should not continue using him, or he would not be for sale at this time. He is running with the herd and will not be fitted for the sale. A breeding bull, selling in practical breeding condition. Note the great breeding bulls in his Pedigree.

**Broadhooks Belle**—Broadhooks blood long has been one of our favorites, but since the herd is becoming rather top-heavy with it, some must be scattered. **Brookside Blossom**—Exactly 60 years ago this winter (the herd was begun 12 years earlier) my father, the late J. L. Reece, came home with a beautiful dark red **Orange Blossom** heifer, a daughter of 38th **Orange Blossom** and granddaughter of 7th **Orange Blossom**, the latter two bred by Dr. E. T. Noel of Nashville, Tenn., who is credited with originating "the Tennessee Orange Blossoms." Directly behind these cows were five other **Orange Blossoms**, including the famous imported **Orange Blossom 19th**, each bred by Amos Cruickshank.

**Brookside Blossom** is a direct descendant of these and is the tenth consecutive cross by bulls owned either by J. L. or R. L. Reece. The first of these was **Hampton's Fashion** by the imported Merry Hampton, a winner as a yearling at the Highland show of 1898. The second cross, **Royal Knight**, winner of his class at the International and bought there; the third, **Juno's Heir** by the Canadian bull, Lavender Clipper; fourth, **Count Mayflower** from the Carpenter & Ross herd, Mansfield, Ohio; fifth, **Sultan's Champion** from Frank Harding's Anoka herd; sixth, **Browndale's Messenger**, another Canadian bull selected by my father from the herd of Jimmie Douglas in Ontario; seventh, **Edellyn Beau** from Thomas Wilson's herd; eighth, **Divide Aviator** from the Allen Cattle Co. in Colorado; ninth, **K Royal Max 16th** from the Harshman herd, Clements, Kan., and tenth, **Albert 48th**, a son of the imported-in-dam Cruggleton Albert bred by A. J. Marshall.

**Brookside Blossom** is carrying her first calf; pasture bred in July to Edgardo of Brookside, also catalogued for this sale.

## Announcement

TO OUR FRIENDS AND FELLOW BREEDERS:

The time has come when we must think about easing up somewhat. Shorthorns have been bred on Evergreen farm since 1840. Mrs. Pierce is the fourth generation connected with them, and I have been connected with Shorthorns since 1912.

We thought of dispersing the herd, but friends and the family counseled us to reduce somewhat and carry on. Therefore, we have decided to sell part of the breeding herd and try to carry on for the time being.

We are selling one of our herd bulls and some of our cows and heifers. The cows will be right out of the working herd, no preparation or fitting. The cows will have calves by side and bred again where possible, and two dry cows we have just weaned calves off of a short time ago and well along with calves. Some of the cows have a little age, and some are just in their prime. We have divided up the cows, keeping some of the old cows and some of younger cows.

There will be three heifers open and two of them are as good as we have. We planned to keep them. We will also have a few young bulls in the sale. We have sold several young bulls and heifers before we decided to reduce the herd.

We will have a good-sized breeding herd left, and possibly we can train new blood to continue the Evergreen herd for a long time to come.

Our herd is a vaccinated herd since 1940, and all the adult cattle passed a clean test for Brucellosis and T. B.

**C. E. PIERCE.**

A massive two-year-old last July. His sire, Edellyn Royal Leader 185, was Junior Champion at Kansas City Royal, Iowa State Fair, and in first place pair of calves at the International. 185 has done a real job for Johnson Bros. at Atlantic. His two half brothers were right at the top in the recent Iowa Royal and also at Omaha. We hate to sell him, but in reducing the cow herd, we cannot use two heavy bulls and need a younger bull for heifers later. He will stand the closest inspection.

Here is one of the best breeding cows at Evergreen. Dam of the good red heifer we sold at Cedar Rapids last spring; also the roan 1957 bull in the same sale. Also the dam of the good bull sold in January to Mr. Kerf at Iowa City. Her last three calves sold for right at \$1300. Nursing a good roan heifer calf and rebred to Evergreen Sportsman King. Calfhood vaccinated.
